

# CKD UPDATE NOVEMBER 2024

## A Masterclass on CKD & Type 2 Diabetes (DKD)

24th, November – 2024 (10 am to 3pm)

Registration & Tea/Coffee		9:30–10:00 AM			
Opening Remarks		9:50–10:00 AM	Dr. Binayak Sinha, President EKDG		
Master of ceremony		Dr. Nirmalya Chakraborty			
SESSION DETAILS	TOPIC	TIMING	SPEAKER	CHAIRPERSONS	HIGHLIGHTS
Epidemiology, Pathophysiology & Screening	Defining, Screening, and Staging of DKD and NDKD: importance of early identification	10:00–10:15	Dr. Nilanjan Sengupta	Dr. Satinath Mukhopadhyay & Dr. Jayanta Chakraborty	UACR Vs 24-hours urine for protein. eGFR estimation (calculators). Role of Cystatin C.
	Burden of diabetic kidney disease & Risk factors for progression	10:15–10:30	Dr. Sudip Chatterjee		Focus on Indian epidemiological data including Traditional & emergent risk factors.
	Q&A	10:30–10:35			
Management Strategies	Addressing Lifestyle and Traditional Risk Factors in the management of CKD	10:35–10:50	Dr. Semanti Chakraborty	Dr. Gautam Majumdar & Dr. Anirban Das	Role of diet, weight, BP & sugar control Novel risk factors.
	Nephro-protective anti-diabetic agents in CKD Management: SGLT-2is & GLP1-RAs	10:50–11:05	Dr. Satinath Mukhopadhyay		SGLT-2is and GLP1-RAs (injectables & oral)
	Nephro-protective non-diabetic agents in CKD Management: The past, the present & the future	11:05–11:20	Dr. Argha Majumdar		NS-MRAs, Sodi bicarb tablets, keto analogs, RAASB, non-dihydropyridine CCBs, JAK/STATi

# CKD Update 2024

[www.ekdg.in](http://www.ekdg.in)

SESSION DETAILS	TOPIC	TIMING	SPEAKER	CHAIRPERSONS	HIGHLIGHTS
Management Strategies	Insulin in CKD: When & Which?	11:20-11:35	Dr. Soumik Goswami		Basal? Short-acting? Pre-mix? Analogs?
	Q&A	11:35-11:40			
Complications of CKD	Addressing CV risk in the backdrop of CKD	11:40-11:55	Dr. Sunip Banerjee	Dr.Saumitra Kumar & Dr. Debasis Datta	Usual versus restrictive approach in HF & ASCVD Rx in the backdrop of CKD.
	Managing hyperkalemia in CKD and the importance of RAASi optimization	11:55-12:10	Dr. Upal Sengupta		Novel agents targetting hyperkalemia. Role of sodi bicarb tablets.
	Anemia & Bones in CKD: Management pearls	12:10-12:25	Dr. Sandip Bhattacharya		Advancements in Erythropoetin group of agents. Vitamin D supplementation?
	Q&A	12:25-12:30			
ESRD and RRT	Indications for A-V fistula, dialysis and renal transplantation	12:30-12:45	Dr. Atanu Pal	Dr. P.S.Mondal & Dr. M.K.Mukhopadhyay	When to consider A-V fistula & RRT? PD Vs HD?
	Difficult access in DKD	12:45-13:00	Dr. Krishnendu Mukherjee		Difficulty with access in patients with DM & CKD - case based
	Management strategies for NODAT (new-onset diabetes after transplantation)	13:00-13:15	Dr. Debmalya Sanyal		Choice of anti-hyperglycemic agents in post transplant scenario.
	Q&A	13:15-13:20			
Interactive session	Medico-legal and ethical aspects in managing CKD (case-based discussions)	13:20-14:05	Dr. Jayanta Das	Dr. Krishnendu Mukherjee & Dr. Binayak Sinha	

*Lunch*
